

S-Digit multi +

Our latest generation of inclinometers with a new enhanced tilt sensor, that offers the following:

- > Fast reaction time
- > A stable display for improved accuracy
- > Improved thermal stability
- > Zero position re-set at any position
- > Illuminated display

Electronic inclinometer with a rotatable display for easy reading in many positions.

Features

- > Different signal tones when approaching 0° / 90° and continuous tone at 0° / 90°
- > Inclination direction indication
- > Zero position re-set at any position
- > Automatic digit inversion for overhead measurements
- > 180° rotatable display
- > Visible laser beam to extend working range
- > HOLD function to freeze measurement
- > Illuminated display
- > Magnetic housing

PRODUCT INFORMATION

> 1/4" thread for camera tripod

Supplied with

- > Padded bag
- > Batteries

Technical data

Working range
4 x 90°

Resolution
0.1° / 0.1%

Accuracy
± 0.1°

Measuring units
°, %, mm/m, in/ft

Working range laser
20 m

Accuracy laser
± 0.5 mm / 1 m

Wave length / laser class
650 nm / 2

Power supply
3 x AA Alkaline

Operating time
w/o laser 50 h

with laser 20 h

Temperature range
-10° - +45° C

Weight (incl. Batteries)

PRODUCTINFORMATION

0.67 kg

Size
305 x 60 x 32 mm
